Opening

PRAYER: Our Divine Parents and Magisterial Son, we step into this unified field of oneness that is part of the fabric of LIFE, and we thank you for weaving us together as one to the circuits of Spirit, Mind, and Soul that we may be harmonized together and unified in our focus today. You know where the energies need to be applied as we hold this focus today, and you know what needs to be cultivated into planetary mind and memory to support our continued advancement into the plans of correction that you have provided for this world, Mother and Father. We are ready to begin and we thank you for your WILL being done through your GRACE and MERCY. We are deeply grateful to participate, and so it is.

Lesson

MONJORONSON: Greetings, my beloved brethren! This is Monjoronsen and I am glad to be back with you once again in our collaborative forum as we work together to provide more spiritual vitality for this planet to ascend into the higher circuits of Light and Life. As we begin at the personal level, I would invite you to focus on the purpose, meaning, and value of SPIRITUAL UNITY—what does this mean, what is its purpose, and why is it important? Take a few moments to focus on these words. Go within; ask your Indwelling Spirit to help you perceive why this is important at this particular time. Let your heart open with curiosity to appreciate this from a higher perspective, and we will minister to you now, my beloved brethren, as you spend a few quiet moments reflecting on this with your own Indwelling Spirit. (Pause)

Feel your willingness to become more spiritually unified with your brothers and sisters. It is not that you all have to think alike. Rather, it is an attitude of recognizing you are all children of a loving Creator and you are unified in that LOVE. There is ample room for diversity of opinion and understanding. Yet, this SPIRITUAL UNITY forms an inner foundation upon which you can learn more about the nature of our Creator and the myriad ways in which the Creator expresses the BEAUTY and GLORY of LIFE all throughout the cosmos. Feel that need and willingness to become more spiritually unified with your brothers and sisters. We continue our ministrations to you. (Pause)

Much of what your present-day religious institutions promote is a sense of uniformity in the believing certain precepts or dogma. But when you are spiritually unified with another, a bond of kinship is forged as there is an innate recognition that you all come from the same Creator- Source. There is a camaraderie in that even though you may hold different opinions in your own mind about the nature of Deity. What is most important to remember as a planetary culture is that you are part of a very vast organization of LIFE, and that we all have the same Spirit Source. Therefore, we are related in this family of LOVE and LiFe, and this is the foundation upon which a new planetary dispensation will evolve and flourish over time.

Continue to feel that willingness to become more spiritually unified within your own self with your brothers and sisters. If you have any questions about the deeper meaning or implications of spiritual unity, take a few moments to pose those questions to the Spirit Within. (Pause) SPIRITUAL UNITY fosters attitudes of respect for the individual and a recognition that that person has the right to be loved by his and her Creator and to flourish in the cultivation and expression of one's God-given Personality and Soul. This is something that your planet still needs to fully develop and understand. Therefore, in today's infusion we are helping you move into this deeper awareness of what this means. And the more you invite the energies of SPIRITUAL UNITY to move into your mind and memory, you add more spiritual vitality to the planetary circuits of mind and memory for others to perceive. This is most important at this time as you might well imagine. (Pause)

We have encouraged you to be the truth-light revealers and way-showers to your brothers and sisters. The more you integrate into the purpose, meaning, and value of SPIRITUAL UNITY; you will sense a newfound level of kinship with others. Seeking less to convey your own thoughts and opinions to another and moving more into a place of wanting to understand their perspective, which can be a place of great cross-fertilization of ideas and feelings if the foundation of SPIRITUAL UNITY is strong. Again, you do not have to all think alike, but it is important that you all recognize that you are all children of God, and what that means for your own personal spiritual edification. (Pause)

Take a moment or so to envision the words SPIRITUAL UNITY as a fabric of information. It is large, it is flexible, it is filled with light. Project from your hearts the words SPIRITUAL UNITY and allow this field to wrap around the planet, weaving the language into planetary mind and memory, from the north pole to the south, counter-clockwise as it spirals and imprints its information into the planetary circuits. Hold that intention for human mind to become more spiritually unified, able to recognize more deeply and broadly what it means to be a child of a loving Creator Deity.

Many of your brothers and sisters cannot access recognition to their Divine Source. In holding the focus today, it is as if the fabric of mind can more deeply imprint upon these dynamics for human mind to perceive what this means, and how they might engage with becoming more spiritually unified. Hold that intention for the Seraphim of this world to imprint this fabric upon those areas in human mind where there is the greatest need. Let the fabric act as a bond, weaving certain energies together for more people to experience the sense of spiritual kinship with their brothers and sisters. (Pause)

Invite that SPIRITUAL UNITY to imprint more deeply into the memory circuits for human mind to remember and recognize that it is part of a loving family under the overcontrol of Creator Deities

who love them. (Pause)

Invite the fabric of human mind and memory to be bonded together with more SPIRITUAL UNITY, closing the gaps in the type of separation mentality that is so divisive in human life. Feel the need for LOVE to grow in humanity: the capacity and the ability, cultivation, and expression of LOVE, which is the greatest healer of all. (Pause)

Your Divine Universe Parents have put in place a plan to align the ways in which Urantia conducts its affairs to reflect more of the heavenly order. I invite you to now shift and focus on MICHAEL'S PLANS OF CORRECTION. These are the specific areas in which the planet must be rehabilitated to reflect a higher spiritual culture. It is time for these plans to be furthered into planetary mind. And as the focus of SPIRITUAL UNITY continues to weave and integrate into the circuits, feel that need and that willingness for more people to perceive MICHAEL'S PLANS OF CORRECTION. Even though you may not know what they are or its full implication, they are good, they are trustworthy and they are beautiful. So do your utmost to ask for these plans to deepen into planetary mind and memory that more individuals may perceive and heed the inner call to awaken and learn of a better way of life just ahead of you. (Pause)

Each one of you can play our role in MICHAEL'S PLANS OF CORRECTION. As you hold this focus, you may also wish to ask your Spirit to help you perceive what you may do to contribute to this growing, expansive expression upon the planet. Feel that need for your brothers and sisters to open to this great rehabilitative effort now underway. While it may stagger your human imagination about what can be accomplished, know that your efforts large and small do add to the growing rehabilitation underway. And it is a grand and glorious thing to observe as we watch you rise out of the mire of the rebellion energies and step into the truth of who you are and the creative gifts you have been given to use to cultivate this spiritual environment upon the planet. Continue to feel that intention for more SPIRITUAL UNITY to pervade human mind and memory and for MICHAEL'S PLANS OF CORRECTION to take deeper hold and root in human mind. (Pause)

Invite MICHAEL'S PLANS OF CORRECTION to communicate with the planet's original divine plans and purposes, forming a seamless bridge between the evolutionary progression and Michael's intention for this world to be rehabilitated. Let these circuits connect, comingle and create a deeper bond in the fabric of SPIRITUAL UNITY all around the globe. (Pause) There is one more element to add and that is to simply focus on me and invite the activities of DIVINE JUSTICE to move through these circuits of SPIRITUAL UNITY and MICHAEL'S PLANS OF CORRECTION. Do your best to hold this as we minister at what needs to be accomplished now. (Pause)

Planetary reclamation and rehabilitation are underway, my brethren. We deeply appreciate what you bring into this forum of the unfolding of the divine plan for Urantia's continued evolution to the era of Light and Life. While you do have a long way to go in this objective, one day it will be achieved and you will have great joy in celebrating with the Urantians of that time that you were here at this time contributing to the great awakening and transformation.

We encourage you to continue your efforts large and small, and to be aware that this is part of your duty as a cosmic citizen to take more personal responsibility for how you think and engage with others out in the world. Know that you have so much help in your corner to achieve the dreams

within your heart and the fulfillment of your soul purpose for your human life. No, this is not an easy task but it is achievable, for your Father Michael showed you the way in His human life as Jesus. Remember to call upon Him when you face a human problem you do not know how to handle and seek His counsel. He will encourage and assist you.

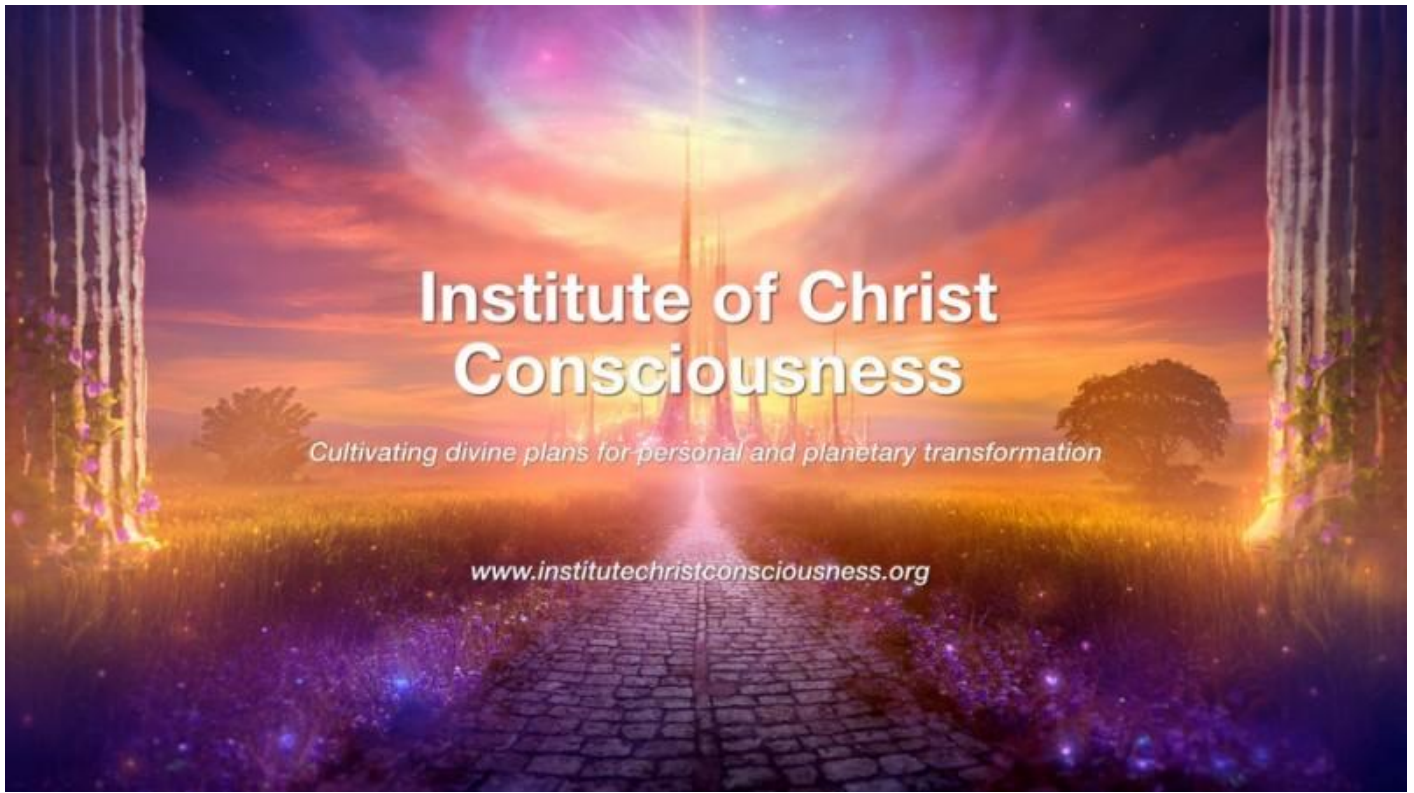

So, you see, my brethren, we provide to you many of the means you need to accomplish this great task of planetary rehabilitation. It has fallen upon you and the generations to follow for you to accomplish this. Yet, you have so much help behind you that you cannot always perceive. Do your best each day to make contact with those realms of unseen helpers and trust they are there and they are supplying a need that you need to fulfill. (Pause)

Let us now engage in worship for a few moments at the Paradise level, especially to the Creator of all and the coordinate Deities who have put in place this majestic divine plan for all life to evolve. The greater appreciation and you feel for the Deities and their plans, the more your energy systems can swell and calibrate to higher spiritual energies to render you more love-filled and expressing more of the nature of your own beautiful soul. Let us all commune together in worship and thanksgiving. Open your hearts in gratitude and love. (Pause)

Ask for the Paradise reflection to impart its LIGHT upon these circuits of SPIRITUAL UNITY, MICHAEL'S PLANS OF CORRECTION, and DIVINE JUSTICE. Let the fabric of planetary mind reverberate deeply, widely, broadly with these energies that are so fundamental to the rehabilitative processes this world needs now. If you wish, you may see yourselves standing on the ground and the Paradise GLORY is shining all around you, and all of the spiritual dynamics we have co-created today are pulsing with LIFE: vitality, energy, spiritual substance that nurtures the soul uplifts the human mind to perceive the Spirit Within. (Pause)

Closing

My dear brethren, there is so much occurring upon the planet at this time. Do your best to remain peaceful and open-hearted toward your brothers and sisters who are still troubled in their mind and their heart. This is a phase and it will pass. Know that you are the ones who are helping in this passing of one age into the next. Trust that these energies are integrating into planetary mind and memory and opening people to a deeper knowing of SPIRITUAL UNITY within them. What we have set out to accomplish has been achieved, and the energies continue to integrate and activate in the areas of great need. I thank you for your participation with us today. It is a marvelous collaboration of humans and personalities of various levels all cooperating with one intention—the rehabilitation of Michael's world that the other rebellion spheres may also receive rehabilitation. All eyes are on Urantia and many hearts are feeding you with love. Experience it more deeply within your beings each day, and let this be the cornerstone of your human life to express your highest self and the Father's WILL. I take my leave now and leave you in His PEACE. Good day.
