Who is Machiventa Melchizedek?

I am Machiventa Melchizedek. I walked on this planet during the time of Abraham, where I was known as the Prince of Salem. I lived there as a human for 94 years, and it's important to note that life at that time was vastly different compared to the present day.

During that era, there was no formal religion, and spirituality was scarce due to the ongoing Rebellion, which had disrupted the normal evolution of humanity. Throughout my life on this planet, I was able to form a group that helped preserve life and spiritual flame. It was with Abraham, whom I trained and prepared, that the preservation of the spiritual flame continued. Abraham acted in the name of the Universal Father, the God of Abraham.

Although I have never left this planet called Urantia, I have played various roles over the centuries and millennia. I was specifically asked to assume a more particular role since the last century when Christ Michael, our Creator Son and sovereign of this Nebadon Universe, relinquished his role as Planetary Prince. Since then, I have assumed this responsibility.

Now that the Rebellion is over, and judgment has been passed on the majority of those involved, we have the duty to eliminate the last traces that still exist on Urantia. We have devised a plan with Michael and my team to lift this planet out of the chaos it is immersed in and usher Urantia into an era of Light and Life.

Over the past century, there has been an unprecedented influx of revelations on Urantia. This time of revelations is what we call the Correcting Time, encompassing various revelations, including the 5^{-th} revelation through the Urantia Book, the Teaching Mission, consisting of approximately 6,000 lessons and teachings from Celestial Beings transmitted over the past decades and accessible to you. There is also the Magisterial Mission currently underway, bringing a Magisterial Son who will walk on this planet, as I and Jesus have done in the past. There are also other ongoing Missions on Urantia, which have not been revealed to you yet. I am currently here among you with a Plan that needs to be implemented in co-creation with you. Many changes and corrections will occur in the times ahead, and our work with you in implementing our plan will lead to a more spiritual civilization with a foundation of social sustainability, guiding towards a better world of Light and Life.

I am Machiventa, your Planetary Prince.
