

# Light and Life categories by planetary jurisdictions

**Notes about this entity diagram.**

As this diagram illustrates, the major 10 categories of Light and Life development are also intrinsically linked to the planetary jurisdictions. The personal Soil jurisdiction is where all these categories are grounded except for Governance which is purely an impersonal group related function. The further away we get from the Soil and Land the less jurisdictional control is exerted over the Light and Life categories, with the Air jurisdiction having the least control.
