Some people wouldn't  
recognize tyranny if it slapped a  
mask on their face, made them  
stand 6 feet apart, and forced  
them to take a vaccine for a  
virus with a 99.8% survival rate.

**Just a reminder..  
a genuinely deadly  
pandemic doesn't  
require 24/7 advertising  
to remind you it exists.  
Real pandemics don't need  
marketing campaigns and  
endless propaganda...  
but,  
psychological operations  
DO.**

Teach your children  
there is no glory or  
heros in war.

That the glory comes  
from the actions that  
prevent war, and the  
heros are the ones who  
implement those actions.

The worst pain  
a man can suffer:  
to have insight  
into much  
and power  
over nothing.

## What a profound little paragraph .....

### Stated way back in 1931 and it says it all

"You cannot legislate the poor into freedom by legislating the wealthy out of freedom. What one person receives without working for, another person must work for without receiving. The government cannot give to anybody anything that the government does not first take from somebody else. When half of the people get the idea that they do not have to work because the other half is going to take care of them, and when the other half gets the idea that it does no good to work because somebody else is going to get what they work for, that my dear friend, is about the end of any nation. You cannot multiply wealth by dividing it."

*written by* Dr. Adrian Rogers, 1931

New C8 Corvette owner said:

A guy looked at my Corvette the other day and said, "I wonder how many people could have been fed for the money that sports car cost?"

I replied I'm not sure;

"It fed a lot of families in Bowling Green, Kentucky who built it, it fed the people who make the tires, it fed the people who made the components that went into it, it fed the people in the copper mine who mined the copper for the wires, it fed people in at Caterpillar who make the trucks that haul the copper ore.

It fed the trucking people who hauled it from the plant to the dealernd fed the people working at the dealership and their families.

But... I have to admit, I guess I really don't know how many people it fed."

That is the difference between capitalism and the welfare mentality.

When you buy something, you put money in people's pockets and give them dignity for their skills.

When you give someone something for nothing, you rob them of their dignity and self-worth.

Capitalism is freely giving your money in exchange for something of value.

Socialism is having the government take your money against your will and give it to someone else for doing nothing.
